

To Whom It May Concern:

I am writing in concern of are local K-LOVE station here in North Carolina. K-LOVE provides a common ground for family listening that the whole family enjoys. I have a twelve year old and a three year old that listen. If K-LOVE was not on the air, we would be forced to listen to CD or tapes, so I could sensor what they are listening too. With K-LOVE I don't have to worry about that. I believe that K-LOVE is a public interest for are community, which is able to reach many people. I am a supporter of K-LOVE and which for it to remain are the Local FM waves in my area in North Carolina. Please see that it can.

Thanks,
David, Patricia, Adam, and Jarred Jordan
